

Outscore Your Opponent with Game-Winning Displays and Scoreboard Software

ScoreVision is the ultimate sports software transforming the fan experience. Connect fans to events by effortlessly distributing content and game information onto show-stopping displays from Sharp powered by ScoreVision.

- ✓ Access updates and new features as they become available.
- ✓ Remote one on-one training and 50GB of dedicated cloud storage.

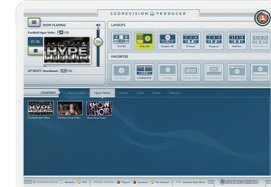

ScoreVision Cloud

Effortlessly manage all critical game information, media and advertisements in the ScoreVision Cloud.

Scorekeeper Apps

Game-like interface for a variety of sports with an intelligent and intuitive interface.

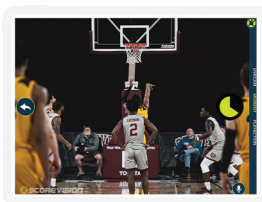

Producer App

Production with a user-friendly interface and pre-built professional scoreboard layouts.

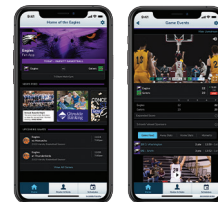

Publisher App

Publish standings, announcements and more during tournaments and match-up sports using our smart formatting tool for creating brackets, stacked columns and general text.

Capture App

Capture can't-miss highlights and live stream the game from a mobile device. Automatically send highlights to your LED display and Fan App.

ScoreVision Fan App

Automatically send score updates, post game highlights and share a live stream on a personalized profile. Available on iOS and Android devices.

Contact your Sharp representative today to learn more about transforming a dynamic Sharp display into a state-of-the-art scoreboard and connect with fans everywhere.
