

Simply Smarter Financial and Wealth Management

Technology designed to improve efficiency and the client experience

In financial and wealth management, having the right technology helps drive innovation, protect sensitive information and deliver exceptional client service. Sharp offers solutions designed to improve operational efficiency, support secure collaboration and create seamless client experiences.

Copiers and Printers

Securely print, scan, copy and route financial documents while reducing handling time and protecting sensitive information.

Displays and Projectors

Clearly present financial plans, portfolio reviews and educational content to enhance client meetings, seminars and team collaboration.

Laptops and Accessories

Equip financial professionals with laptops, monitors and accessories to boost productivity, collaboration and data security.

Managed Print Services

Track print costs across advisors, departments and locations. Improve uptime and security while reducing IT and operations support time.

Unified Communications

Help advisors, staff and clients connect through Microsoft 365 collaboration tools and a unified platform for voice, chat, video and more.

IT Services and Support

Help keep workstations, networks, cloud applications and financial systems reliable while reducing IT demands with monitoring, support, backup and disaster recovery.
