SHARP®

Simply Smarter Solutions for Government
Meet your workplace needs while staying on budget

For governmental entities, cost containment, product reliability and adherence to contract compliance are the cornerstones of every business choice. Sharp can provide secure technology and solutions to streamline processes and optimize budget utilization at the federal, state, county, and local level.

Collaboration Displays
Transform meeting rooms into collaboration spaces by using interactive whiteboards to review city plans, bids and RFPs in real time.

Laptops and Accessories
Equip your employees with security-first laptops, monitors and accessories to maximize productivity and help maintain data security.

Unified Communications
Help your staff seamlessly connect through a unified communications platform for voice, chat and video using Microsoft 365 or GoTo collaboration tools.

Copiers and Printers
Help meet security requirements with award-winning copiers and printers that include built-in protection for documents and data.

Document Workflow Apps
Bolster security, cost control and productivity with apps that offer user authentication, secure print release and business process automation.

IT Services and Support
Expert resources to manage and augment your IT initiatives, manage and monitor endpoints, optimize security and maintain compliance.

Learn how we can help support your technology needs today.
