

# Simply Smarter Assisted Living Facilities

Technology to improve efficiency and help ensure resident privacy

Resident care and satisfaction is the core focus of your facility. Our hardware, software and services are designed with security and reliability in mind for administrators, allowing you to stay focused on what matters most.

## Displays and Projectors

Transform common areas into collaborative spaces by using interactive displays to engage residents with important announcements, daily schedules and upcoming events.

## Laptops and Accessories

Equip your staff with the latest laptops, monitors and accessories to manage residents' medical information and streamline billing and reporting requirements.

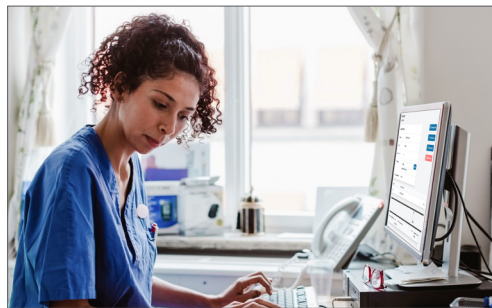

## Unified Communications

Leverage telehealth services and Microsoft 365 collaboration tools to enable virtual visits. Optimize communication among workers through a unified platform for voice, chat, video and more.

## Copiers and Printers

High quality printing equipment to provide residents with essential information to support their care.

## Digital Files and Workflows

Convert paper-based records into electronic formats, making it easier to store, access and share resident data.

## IT Services and Support

Remote help desk support for troubleshooting and IT services to help safeguard critical data including personnel and resident records.
