SHARP

Explore Simply Smarter Technology

Discover Cutting-Edge Solutions with a Full Spectrum of AV Excellence

The latest interactive displays, laptops, document systems and audio visual technology can help your business collaborate and spend smarter.

Collaboration Displays
Take teamwork to the next level with collaboration displays, including the award-winning AQUOS BOARD® interactive display.

Laptops and Monitors
Wherever your desk may be, conquer your day with innovative and secure laptops, monitors and accessories.

Unified Communications
Get the tools your team needs through a unified platform for voice, chat and video as well as Microsoft 365 collaboration applications.

Managed Print Services
Identify opportunities to reduce expenses and increase efficiencies in your print environment.

Commercial Displays and Projectors
From high-impact displays for digital signage, to state-of-the-art projectors with minimal maintenance, Sharp helps you communicate brilliantly.

Copiers and Printers
Models offer hands-free functionality, exceptional image quality, integrated security and are easy to use and maintain.

Digital Files and Workflows
Digitize paperwork and processes and manage files in one location for secure access, in or out of the office.

IT Services and Support
Reliable and secure support for network monitoring, threat mitigation, compliance data reporting, data backup and more.

Partner with Sharp to enhance communication throughout your business with our Pro AV solutions and services, ranging from dynamic digital signage to immersive video conferencing.

AQUOS BOARD® Interactive Display

- **Ready for a quick meeting** - 4K displays as large as 85" class size with built-in wireless functionality.

- **Simultaneous collaboration** - Touchscreen supports up to 20 touch points at a time to increase participation and collaboration.

- **Pen-on-Paper® experience** – Write on screen using a finger or the bundled touch pen.

- **Multifunction printer (MFP) connectivity** - Scan documents from a Sharp MFP to display content onscreen, make notations, then send to print.

dvLED and Video Walls

- **Draw a crowd** - Captivate audiences with high resolution visuals and vibrant colors in versatile indoor and outdoor options.

- **Scalable solutions** - The modular panels allow for nearly limitless, flexible configurations delivering high visual impact without sacrificing quality or resolution.

- **Natural, seamless look** - Offering flexible options, dvLED walls allow for seamless integration into nearly any environment.

- **Sustainability** - Offering a long lifespan, lower maintenance and power costs, along with ease of serviceability, dvLEDs support eco-friendly practices and initiatives.

Large Format, Desktop and ePaper Displays

- **System-on-a-Chip (SOC) technology** - Built-in SOC controller on select models delivers signage solutions without an external PC.

- **Viewing without interruption** - A wide range of desktop monitors that offer reliability and height adjustability as well as ergonomic and eco-friendly options.

- **0 watt power consumption** - ePaper displays are energy efficient on-the-go signage options featuring wide viewing angles and always-on visibility.

Laser and Cinema Projectors

- **Think outside the box** - Create immersive experiences on any surface with projection mapping.

- **Enhanced theater experience** - With advanced image processing capabilities supporting the highest resolutions, our cinema projectors offer precise color reproduction and stunning visuals that enhance the viewing experience.

- **Crystal clear brightness** - Ranging from 4,000 to over 20,000 lumens for brilliance in any room.

- **Superior 4K UHD image quality** - Provide viewers with stunning 4K ultra high-definition (UHD) images.
