

Conference Room as a Service

An affordable subscription to simplify collaboration, security and support

For companies seeking to optimize meeting spaces on a budget, Conference Room as a Service (CRaaS) is an attractive option. It can enhance collaboration capabilities without the need for significant upfront investments through a predictable, scalable and all-inclusive monthly subscription.

Cultivate Collaboration with Innovative Technology

An ideal solution for today's hybrid workplace—CRaaS subscriptions include an award-winning Sharp AQUOS BOARD® collaboration display, hardware, software, installation and remote monitoring and management.

Support to Keep Ideas Flowing

Remote technicians provide proactive maintenance and timely troubleshooting for continuous collaboration—freeing IT to focus on mission critical tasks.

Video Conferencing that's Seamless and Secure

Meetings driven by a Sharp cloud-based solution for effortless user adoption and protect data shared on the display utilizing core Microsoft security infrastructure.

Subscription plans include:

- ✓ AQUOS BOARD Collaboration Display
- ✓ Shuttle PC
- ✓ Integrated Camera, Speaker and Microphone
- ✓ Tilt Bracket
- ✓ Standard Installation
- ✓ Remote Management and Monitoring

CRaaS makes collaboration easy and secure
