

BUSINESS WITHOUT LIMITS

Helping businesses maximize productivity and success for four decades, Dynabook is a leading provider of mobile computing solutions globally. Our laptops are equipped with the latest technologies and provide class-leading performance, features and durability.

FOUR DECADES OF INDUSTRY FIRSTS FOR INNOVATION THAT LASTS

THE DYNABOOK DIFFERENCE

Quality. Unmatched.
The only PC manufacturer that engineers, tests and builds its own laptops resulting in some of the lowest failure rates in the industry.

Customization. Easy.
We configure in-house to get you the right tech quickly without any hiccups, hassles or delays.

Peace of mind. Guaranteed.
Boost productivity and reduce IT costs with industry-leading assurance like our +Care Service® Warranty with On-site.

Security. On.
The only company that writes its own BIOS with security features like fingerprint and facial recognition.

Copilot+PC

LOWEST FAILURE RATES IN THE INDUSTRY

For nearly four decades, Dynabook has engineered, designed, and manufactured laptops that maximize performance and minimize downtime. During the last 24-months¹, the Average Monthly Field Failure Rate for U.S. spec Dynabook laptops is less than one percent based on warranty claim data.² We call this the Dynabook Difference - offering customers peace of mind that their laptops will work without worry.

1. Sample period from July 1, 2020 to July 31, 2022
2. Excludes incomplete or repeat claims or claims due to customer error.

CONVERTIBLE FLEXIBILITY. PRO GRADE PERFORMANCE

The Portégé® X45W is a premium 14-inch 2-in-1 convertible built for modern workstyles and delivers the flexibility of a true 2-in-1 without compromising performance, security, or durability.

Portégé® X45W-M (14" 2-in-1)

- Windows 11 Pro
- AMD Ryzen™ 200 Series Processors
- AMD Radeon™ Graphics
- Up to 64 GB DDR5
- Up to 2 TB SSD
- 14.0" 16:10 WUXGA Touch Screen
- Touch & Pen (MPP 2.0)
- Dark Tech Blue Metallic Aluminum Alloy Chassis
- FHD Webcam with Electronic Privacy Shutter
- Tested MIL-STD methodologies
- 3.5 lbs *

NEW STANDARD OF PRODUCTIVITY

Powered by AMD Ryzen™ 200 Series processors with up to 8 high-efficiency cores and integrated AMD Radeon™ Graphics, this 14-inch 2-in-1 convertible laptop delivers responsive performance.

PROFESSIONAL GRADE DIGITAL INKING

Turn ideas into action with an active MPP 2.0 pen featuring 4096 pressure levels, tilt support, and palm rejection for a natural writing experience.

AI ASSISTANCE THAT WORKS LIKE A WINGMAN

Select models include an NPU for enhanced AI functions like smarter conferencing, AI assistants, and faster content creation. With a Copilot key, users can streamline workflows and automate everyday tasks.

DURABILITY MEETS PORTABILITY

To stand up to life without sacrificing its sleek, premium feel, the Portégé X45W's aluminum alloy chassis is designed to pass MIL-STD-810H methodologies and HALT durability testing.

COPILOT+ PCS THAT UTILIZE AI TO ENHANCE PRODUCTIVITY

EMPOWERED WITH COPILOT+

This Microsoft Copilot+ PC delivers AI experiences like Recall, Co-creator, and Live Captions—powered by a high-performance NPU for fast, secure on-device processing. These tools streamline tasks, boost creativity, and make learning more intuitive.

TOUCH-FREE SYSTEM CONTROL

Gesture-based control offers an intuitive, hands-free experience for controlling media playback, navigating presentations, and performing key functions with simple hand motions, enhancing classroom efficiency.

SMARTER POWER MANAGEMENT

AI-driven power management extends battery life by dynamically adjusting power consumption to workload demands. A self-replaceable battery extends device longevity and reduces IT costs for education.

AI-ENHANCED PRIVACY AND SECURITY

Provides advanced security with Peek Alert, Windows Hello, and Lock on Leave, while Adaptive Dimming and Wake on Approach enhance privacy without disrupting productivity.
