

# Tecra Series

## Ultra-Mobile, Ultra-Powerful and Ultra-Secure

### Processor

Offering the latest 13th-generation Intel® Core™ processors, the Tecra series laptop series laptop can be outfitted for serious performance. The Intel® Iris® Xe graphics offer exceptional visual performance, accelerate AI processing and enhance security.

### Operating System

The Tecra series laptop series laptop comes with the latest Windows OS, which offers excellent data protection, encryption and unparalleled software compatibility with world-class productivity applications.

### Storage

Business laptops shouldn't just be powerful, but dependable too. That is why the Tecra series laptop series laptop comes standard with fast, responsive and reliable SSD storage.

### Audio

Great for collaborating and videoconferencing, the integrated stereo speakers produce crystal clear audio, while DTS® audio processing dials in the performance for different listening types.

### Input Devices

Packed within the small footprint of the Tecra series laptop is a full-sized, backlit keyboard and a large SecurePad, that together provide a comfortable and productive workspace.

### Docking

Packing a healthy selection of ports for displays, data sharing and power, Dynabook offers both a USB-C® Dock and Thunderbolt™ Dock to connect up to three external displays and a variety of peripherals.

## Mastering the Modern Hybrid Workplace

Beyond its go-anywhere portability and unrelenting security, the Tecra series laptop fosters a collaborative modern workplace with its HD webcam with privacy shutter, dual microphones and powerful stereo speakers. Now lighter and more compact than ever, the Tecra series laptop packs a full-size workspace, complete with a slimbezel 14-inch (14-inch diagonal) or 15-inch (15.6-inch diagonal) display and backlit keyboard. Select models have a large SecurePad.

## Fortified for Mission-Critical Security

Engineered to meet Microsoft's strict Secured-core PC requirements, the Tecra series laptop features secure hardware and software designed to offer unrelenting protection against data, device and identity threats.

## Tested to Military Standards

Go from the office to home and anywhere in between with confidence. A lightweight chassis design allows the Tecra series laptop to easily hold up to military standard (MIL-STD-810H) testing for strength and durability. The laptops also incorporate an EPA-approved antimicrobial paint additive called IONPURE® IPL1 to help inhibit the growth of bacteria<sup>1</sup>.

## Backed by a World-Class Warranty

The Tecra series laptop comes standard with Dynabook's +Care Service® Warranty with on-site services, (1 year or 3 years for featured configurations, 4 years for build-to-order configurations). With On-site services our technicians will come to you and get your system up and running.
