

Tecra Series

Ultra-Mobile, Ultra-Powerful and Ultra-Secure

Processor

Offering the latest 12th-generation Intel® Core™ processors, the Tecra series laptop can be outfitted for serious performance. The Intel® Iris® Xe graphics offer exceptional visual performance, accelerate AI processing and enhance security.

Operating System

The Tecra series laptop series laptop comes with the latest Windows OS, which offers excellent data protection, encryption and unparalleled software compatibility with world-class productivity applications.

Storage

Business laptops shouldn't just be powerful, but dependable too. That is why the Tecra series laptop series laptop comes standard with fast, responsive and reliable SSD storage.

Audio

Great for collaborating and videoconferencing, the integrated stereo speakers produce crystal clear audio, while DTS® audio processing dials in the performance for different listening types.

Input Devices

Packed within the small footprint of the Tecra series laptop is a full-sized, backlit keyboard and a large SecurePad, that together provide a comfortable and productive workspace.

Docking

Packing a healthy selection of ports for displays, data sharing and power, Dynabook offers both a USB-C® Dock and Thunderbolt™ Dock to connect up to three external displays and a variety of peripherals.

Mastering the Modern Hybrid Workplace

Beyond its go-anywhere portability and unrelenting security, the Tecra series laptop fosters a collaborative modern workplace with its HD webcam with privacy shutter, dual microphones and powerful stereo speakers. Now lighter and more compact than ever, the Tecra series laptop packs a full-size workspace, complete with a slimbezel 14-inch (14-inch diagonal) or 15-inch (15.6-inch diagonal) display and backlit keyboard. Select models have a large SecurePad.

Fortified for Mission-Critical Security

Engineered to meet Microsoft's strict Secured-core PC requirements, the Tecra series laptop features secure hardware and software designed to offer unrelenting protection against data, device and identity threats.

Tested to Military Standards

Go from the office to home and anywhere in between with confidence. A lightweight chassis design allows the Tecra series laptop to easily hold up to military standard (MIL-STD-810H) testing for strength and durability. The laptops also incorporate an EPA-approved antimicrobial paint additive called IONPURE® IPL1 to help inhibit the growth of bacteria¹.

Backed by a World-Class Warranty

The Tecra series laptop comes standard with Dynabook's +Care Service® Warranty with on-site services, (1 year or 3 years for featured configurations, 4 years for build-to-order configurations). With On-site services our technicians will come to you and get your system up and running.
