

Copiers and Printers for a Simply Smarter Workplace

Streamline workflows, enhance security and reduce IT strain while delivering exceptional image quality and productivity.

Businesses choose Sharp for secure, easy-to-use devices that keep up with fast-paced work environments.

Leading-Edge Security Helps Keep Your Data Safe

Multi-layered security features built into Sharp multifunction printers (MFPs), such as system integrity check, real-time intrusion detection and available antivirus powered by Bitdefender help protect confidential information and can also help meet and maintain regulatory compliance.

Convert Files to the Format You Need in a Single Step

Easily **scan and convert** documents to popular file formats, including Microsoft® Word, PowerPoint® and Excel®, as well as Searchable PDF and Encrypted PDF. Most Sharp MFPs have built-in technology to process documents in these file formats without any middleware.

Collaborate and Share Information with Popular Cloud Services

Standard Cloud Connect features on most Sharp MFPs make it easy to share information with clients and staff using popular services such as Microsoft® Teams, Microsoft® OneDrive™ for Business, Google Drive™, Dropbox and others.

Monitor, Manage and Support Devices with Less Effort

IT teams and service providers can monitor and manage devices remotely from a **single cloud-based platform** with Synappx Manage, improving uptime while reducing manual intervention.

Support and Training Anytime

Sharp supports customers beyond installation with **ongoing training and expert support**, helping reduce downtime and keep your organization running at peak productivity.

DID YOU KNOW?

KEY FEATURES OF SHARP COPIERS

Responsive, customizable touchscreen control panel

Strong security features such as BIOS Integrity Check at startup and anti-virus protection

Print from your mobile device

Sensors auto-detect document size, orientation and set compression

Microsoft Teams connector allows you to scan and print directly from Teams folders

Soft close drawers lessen noise for neighbors and have less wear and tear

Easy-to-Use – Sharp MFPs feature an intuitive touchscreen that delivers a responsive, accurate user experience with excellent visibility and an easy-to-clean surface.

Full Function Capability – All models offer strong multifunction features, including copying, printing and network scanning.

Network Friendly – Integrates seamlessly with today's modern tech stacks and supports the latest communication and security protocols. Most models also offer optional Bitdefender antivirus protection.

Sharp's user-friendly touchscreen display is customizable for convenience and common among 30+ other models.

Designed to deliver performance and productivity.

- Built-in **retractable keyboard** on most models simplifies email address and subject line entries.
- **Easy user collaboration** with walk-up access to popular cloud applications on most models such as Microsoft® Teams, Google Drive™, Dropbox and others.
- **Automatic Firmware Updates** help ensure MFP settings and features are always up to date.
- Supports popular mobile technologies, including **Apple® Airprint®** and **Android™ Print Framework**.
- **Compact PDF** scanning reduces file sizes for color documents, minimizing network traffic and storage use.
- **Sharpdesk® Mobile** lets users securely print and scan from smartphones and tablets to Sharp MFPs over a wireless network, creating a consistent mobile experience across the organization.
- Standard **duplexing document feeder** on most models can scan both sides of a document in a single pass, saving time and putting less wear on the machine.
- **Serverless Print Release** feature available on most models enables users to securely print a job and release it from up to ten Sharp MFPs anywhere in the office environment.
- Supports **Microsoft Universal Print**, enabling users to adapt to this popular cloud service.
- **Sharp Remote Device Manager** simplifies device monitoring and management with event-driven alerts to help maximize uptime.

Empower Every Print. Protect Every Document. Experience the difference of a copier built for today's workplace. To learn more, visit business.sharpusa.com/document-systems or contact your Sharp representative.
