

# TAA Compliant Displays

Select models of Sharp AQUOS® Commercial TVs and AQUOS BOARD® collaboration displays, which are made in Mexico, are TAA compliant. When a product is considered TAA Compliant, it means it can be legitimately sold to the US government. The Sharp displays listed below are TAA Compliant.

## 4W-B AQUOS BOARD® Collaboration Display Series

From the boardroom to the classroom, Sharp's **4W-B series AQUOS BOARD® collaboration displays** add interoperability and collaboration to any environment. The 4W-B series is offered in a variety of sizes from 55" Class (54.6" diagonal) to 86" Class (85.6" diagonal)\*.

The Sharp 4W-B AQUOS BOARD collaboration display series enables collaboration and communication in the workplace, classroom and virtually anywhere through precise 20-point multi-touch functionality and versatile connectivity. A powerful RS-232C and LAN command set facilitates flexible wireless remote control from connected devices.

## 4P-B AQUOS® Commercial TV Series

Take your message to the next level with a Sharp Commercial TV display. The Sharp 4P-B AQUOS® Commercial TV comes in six sizes ranging from 43" Class (42.5" diagonal) to 86" Class (85.6" diagonal)\*. It conveys your message with the true-to-life precision of 4K Ultra-HD resolution. Built-in tuner support, wireless casting support and business-friendly features are packed into an elegantly slender frame. Regardless of your industry, when you need to inform, entertain or engage an audience the 4P-B AQUOS Commercial TV series delivers your message with superb picture quality.
