

Simply Smarter Schools

From the classroom to the student center, Sharp offers the latest innovative technology to create more efficient learning spaces and drive greater student collaboration.

Discover the Latest Digital Solutions for Higher Education

Colleges and universities across the country continue to choose Sharp because of our commitment to:

- Solutions that are reliable and easy to install
- Technology that helps prepare students for the demands of the workplace
- World class customer service and support
- Warranty programs unmatched in the industry

Large Format Displays

Drive collaboration using large format displays or use digital signage to keep students up to date on events, school activities and security announcements.

- Comprehensive feature sets
- Advanced connectivity features
- Easy integration with your existing AV & IT infrastructures
- Wide portfolio to meet any application need

Indoor and Outdoor dvLED

Our indoor and outdoor direct view LED video displays provide attention-grabbing, high contrast images perfect for student centers, gymnasiums and sports venues.

- The modular, light-weight design is seamless with brilliant color and high brightness
- Design consultation provided to help you choose the right solution
- Low power consumption options for cost savings
- Long life span and limitless display configurations

Collaboration Solutions

Engage students and staff with collaboration solutions featuring Sharp AQUOS BOARD® displays.

- All in one solutions perfect for classrooms
- Easy installation so you are up and running quickly
- Up to 20 point Multi-Touch Screens
- Advanced features make lectures, presentations and lessons more engaging

Desktop Monitors

Utilize the latest desktop features for individual lessons, group collaboration, administrative tasks or staff requirements.

- Superior screen performance
- Crystal clear images
- Low power consumption
- Full connectivity that connects to the latest peripherals

Multi Media Projectors

Engage students and share content using budget friendly projectors with easy set up perfect for classrooms, lecture halls and auditoriums of any size.

- Best in class warranties
- Virtually maintenance free with Filter Free LCD and DLP projectors
- Brightness and resolution for any application
- Wireless input with quick and easy set up tools
