

## SYNAPPX™ GO

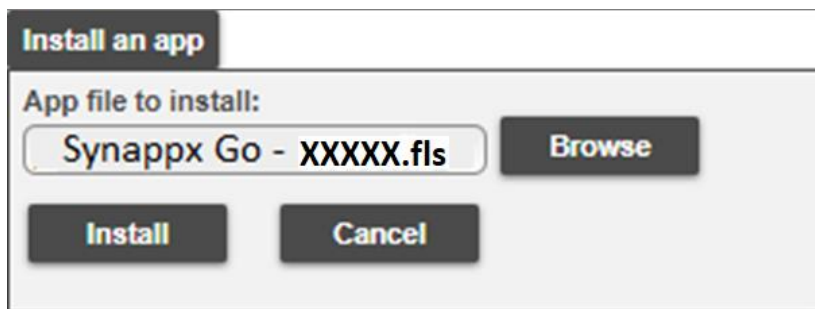

### MFP APPLICATION INSTALLATION GUIDE

### Installation of Synappx Go Remote Scan and Copy Application on the MX-B557F/C507F Series

1. Download **Synappx Go** zip file to a PC and unzip. NOTE: Please [uninstall](#) earlier version if previously installed.
2. Go to the MFP device webpage (e.g. http://<mfpipaddress>).
3. Go to **Apps > Installed Apps**. Select **Install an app**.

4. Go to the Synappx Go-X.X.X.fls file download location and select **Install**.

5. Verify that the application state is **Running**.

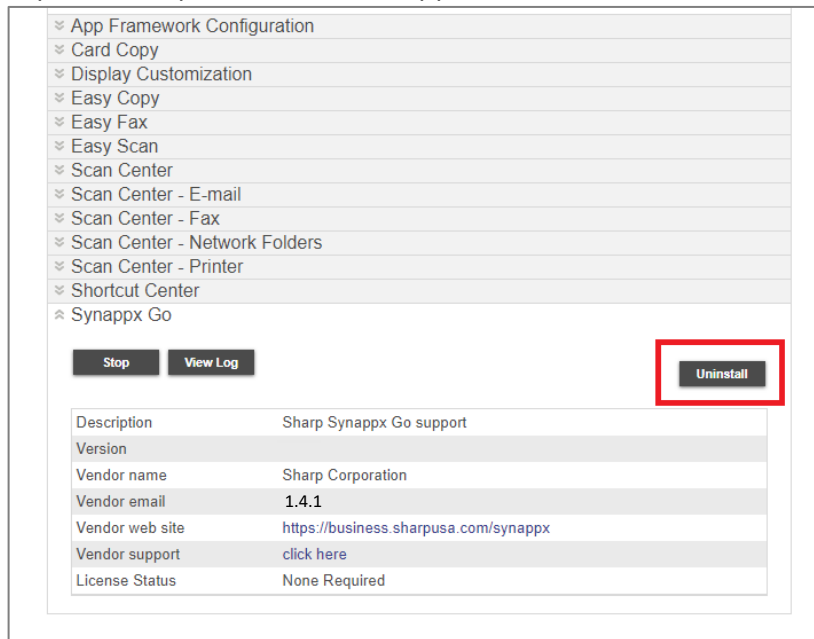

The screenshot displays the SHARP Embedded Web Server interface for the MX-C357F model. At the top, the header includes the SHARP logo, the text "Embedded Web Server", and user information: "Language", "Guest", and "Log In". Below the header, the device model "SHARP MX-C357F" is shown along with fields for "IP Address:", "Contact Name:", and "Location:". A small image of the printer is visible in the top right corner.

The main content area shows the "Status" as "Ready" and a message: "Messages : Remote operator panel activated". There are buttons for "Import Configuration" and "Export Configuration". A search bar is present above a "Select Option" menu on the left, which lists various settings categories such as Status, Settings, Device, Print, Paper, Copy, Fax, E-mail, FTP, USB Drive, Network/Ports, Security, Reports, Address Book, Shortcuts, Bookmarks, Apps, and Site Map.

The "Apps" section is active, showing "Installed Apps". An "Install an app" button is visible. The installed app is "Synappx Go", described as "Sharp Synappx Go support". Below the app name, the state is indicated as "State: Running".

## Uninstallation

1. Go to the **Apps** MFP embedded web page.
2. Select the **Synappx Go Scan** application.
3. Expand the options to see the application details.

4. Select **Uninstall**.

## Compatibility <sup>1</sup>

Multifunction Printers <sup>2</sup>

\*AccuRead OCR required

For document scan and copy, the Synappx MFP app is required.

**Hard Disk Drive** is recommended (standard on MX-B557F and MX-C507F) and required to create searchable PDF scans from Synappx Go.

<sup>1</sup> Additional multifunction printer models for European market are also supported (e.g. MX-C557F, MX-B707F, MXC607F).
