

# Simply Smarter Construction

## Enhance your project management and streamline operations

In the fast-paced world of construction, unforeseen challenges are standard and maximizing efficiency is important. That's why optimizing processes, ensuring seamless technology and maintaining safety compliance across all sites is crucial. Sharp can help build a stronger foundation for success.

### Displays and Projectors

Present your construction plans and designs with projectors and large format displays that allow you to collaborate with team members, architects and clients to ensure every detail is perfect.

### Laptops and Accessories

Equip your team with laptops, monitors and accessories to efficiently communicate with teams and manage project plans on and off site.

### Unified Communications

Help your construction team seamlessly connect through Microsoft 365 collaboration tools as well as a unified platform for voice, chat, video and more.

### Copiers and Printers

Easily print off large blueprints and floor plans at a moment's notice, allowing for last minute design updates.

### Digital Files and Workflows

Digitize paperwork and processes and manage files in one location for secure access, whether on-site or off-site.

### IT Services and Support

Remote help desk support for troubleshooting and IT services to help protect personnel project records, contracts and invoices.
