

POWERFUL PERFORMANCE, ENHANCED OPERABILITY, ENERGY EFFICIENT

Drag and drop touch control for intuitive operation!

Groundbreaking, full-color ledger-size document systems.

Sharp's new MX-2610N/3110N/3610N color series document systems combine the simplicity of touch-screen menu navigation with robust multi-tasking workflow features that can elevate your office productivity to new levels. A large 10.1" (diagonally measured) high-resolution tilting, touch-screen display offers groundbreaking real-time image preview with intuitive flick and tap editing to help ensure your documents are produced accurately and without waste. The new MX color series also offers many advanced features such as a fully customizable home screen, dynamic action menus that provide feature-specific guidance, and an available full-size retractable keyboard for easy data entry. Plus, with Sharp's enhanced second-generation micro-fine toner technology and true 1200 x 1200 dpi print resolution, the new MX series can help your business produce professional looking color documents in-house with breathtaking image quality that is also economical. The new MX-2610N/3110N/3610N color series has been built on the latest Sharp OSA® Development Platform, making integration with network applications and cloud services easier than ever. And, with Sharp's Industry leading security platform with standard 256 bit data encryption and overwrite protection, you can rest assured that your intellectual property is well protected.

Advanced features plus multi-functional capability allow you to meet tomorrow's document needs today.

- Large 10.1" high resolution touch-screen display with tilt view
- Real-time image preview feature with flick, tap and slide menu navigation
- Fully customizable home screen feature enables users to add custom backgrounds and custom icons, change the display language and more
- Action menus to provide users with feature-specific guidance
- Enhanced second generation micro-fine toner technology offers sharp, high quality images page after page

- 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- Industry leading ImageSEND[™] function scans documents to USB devices, network folders, email and more
- Scans documents at up to 50 images per minute in both Black and Color
- Network ready PCL® 6/PCL5c printing system with direct print function and available Postscript® and XPS options
- Robust 86 GB document filing system with thumbnail view and image preview features for easy identification
- Supports the latest Sharp OSA Development Platform, enabling businesses to easily integrate with network applications and cloud services
- Flexible paper handling system feeds up to 110 lb index through paper trays and up to 140 lb index through bypass tray

- Super G3 fax option with intelligent inbound routing
- Supports Sharp's award-winning security platform with standard 256 bit data encryption and up to 7 times overwrite protection
- Energy efficient belt fusing system offers low power consumption, fast warm up and enhanced print quality

Innovation & Navigation

MX-2610N/MX-3110N/MX-3610N Specifications

Main Specificatio		Network Printing	•	Saddle Stitch Fini	Console finisher with dual exit travs (mounts on left side
MX-2610N/	Base models include multi-tasking controller, high-resolution touch screen display. 100-sheet RSPF. 160 GB Hard Disk Drive with	PDL	Standard PCL® 6/PCL5c compatible, optional Postscript 3,	Туре
