

## PLOCKMATIC PRODUCTION BOOKLET MAKER SYSTEM

### Professional Quality Booklet Making for the MX-M904/M1054/M1204

#### Advanced Finishing at Your Fingertips

The Plockmatic Production Booklet Maker system is a flexible finishing solution designed for copy rooms, high volume CRDs, commercial print environments and more. The Plockmatic Booklet Maker System has been designed to integrate perfectly with the document handling features and contemporary styling of the Sharp MX-M904/M1054/MX-M1204 high speed monochrome series document systems. This Advanced Finishing System can output documents at the MFP engine speed and can saddle-stitch staple up to 30 sheets, which creates booklets of up to 120 pages.\* The Plockmatic Booklet Maker System can also handle a wide variety of media types and weights. Additional features such as face trimming and square folding add the final touch. And with Plockmatic's modular design, businesses can choose the finishing options they need based on their applications.

### PLOCKMATIC

*Easily create 120-page saddle-stitch booklets with standard fold or square fold spine.*

- **Production Booklet Maker (Base Unit)** – Creates up to 120 page saddle-stitch booklets.
- **Face Trimmer Module** – Trims the open edge of the booklet creating a clean straight edge that looks and feels professional.
- **Square Fold Module** – Provides a square folded edge and printable spine that gives the appearance of a perfectly bound book.
- **Cover Feeder** – Enables users to add separate pre-printed or colored covers.

\* Single sheet applications or applications with low sheet count may slow engine down slightly.

# PLOCKMATIC PRODUCTION BOOKLET MAKER SPECIFICATION

## Features

The Plockmatic Production Booklet Maker system is a fully integrated system featuring automated workflow and job recovery that is linked seamlessly to the MX-M904/M1054/M1204 document systems.

Features include:

- Production of high quality booklets at MFP rated engine speed
- The booklet maker will make saddle stitched books up to 120 pages
- Square Fold option creates a professional square fold spine from saddle stitched booklets
- Quick changes between jobs, means you can turn around short run jobs quickly and easy
- Easy programming of all settings
- Patented optimized folding mechanism provides a professional, high quality look and feel
- Unique set positioning mechanism makes it possible to fine tune the staple position during runs
- A Face Trimmer option will trim the front edge of each book for a professional finish
- The optional Cover Feeder adds pre-printed covers of up to 140 lb Index to the books

## MX-BM50 Production Booklet Maker (Base Unit)

|                                 |  |
|---------------------------------|--|
| Speed                           | MFP engine speed                             |
| Standard Paper Sizes            | 8.5" x 11", 8.5" x 14", 11" x 17", 12" x 18" |
| Paper Size (Min)                | 8.1" (W) x 10.8" (L)                         |
| Paper Size (Max)                | 12.6" (W) x 18" (L)                          |
| Paper Weight (Min)              | 18 lb Bond                                   |
| Paper Weight (Max)              | 110 lb Cover                                 |
| Set Size (stapled folding)      | 2-30 Sheets stapled (20 lb Bond)             |
| Set Size                        | 1-6 sheets (non stapled folding)             |
| Off-line Use                    | Available                                    |
| Power Source                    | 100-230V 50-60Hz                             |
| Power Consumption               | 250W   |
| Approx. Dimensions <sup>1</sup> | 59¼" (L) x 39" (H) x 25½" (D)                |
| Weight                          | Approx. 297 lbs.                             |

## MX-TM50 Trimmer (Optional)

|                      |                              |
|----------------------|------------------------------|
| Minimum Trimming     | 0.0394"                      |
| Maximum Trimming     | 0.7"                         |
| Standard Paper Sizes | Same as MX-BM50              |
| Power Source         | From MX-BM50                 |
| Approx. Dimensions   | 14" (L) x 39" (H) x 25½" (D) |
| Weight               | Approx. 154 lbs.             |

## MX-FD50 Book Fold / Square Fold Module (Optional)

|                            |                              |
|----------------------------|------------------------------|
| Paper Size (Min)           | Same as MX-BM50              |
| Paper Size (Max)           | Same as MX-BM50              |
| Set Size (stapled folding) | Same as MX-BM50              |
| Power Source               | From MX-BM50                 |
| Approx. Dimensions         | 14" (L) x 39" (H) x 25½" (D) |
| Weight                     | Approx. 130 lbs.             |

## MX-CF50 Cover feeder (Optional)

|                       |                            |
|-----------------------|----------------------------|
| Paper Weight (Min)    | 18 lb Bond                 |
| Paper Weight (Max)    | 140 lb Index               |
| Cover Feeder Capacity | 200 Sheets (20 lb Bond)    |
| Power Source          | From MX-BM50               |
