

SYNAPPX™
Simply Smarter Meetings

ENABLE EASY HYBRID COLLABORATION WITH SYNAPPX GO

Bridge the gap between remote and on-site attendees in hybrid meetings.

Transform your organization's meeting rooms into a place where hybrid collaboration thrives, and ideas grow while keeping security and the user experience at the top of mind.

START MEETINGS QUICKLY.

Start meetings with the tap of the NFC tag, scan of the QR code, or enter the pairing code.

SUPPORT OF MULTIPLE PLATFORMS.

Kick start meetings for Microsoft Teams, Zoom, GoToConnect, or Google Meet. Synappx will read your meeting invite and start the appropriate platform.

DYNAMICALLY SHARE CONTENT.

Easily access to your cloud storage services such as, Google Drive and OneDrive, from the Synappx Go application. Up to 5 documents can be shared at one time.

CONTROL FROM YOUR DEVICE.

Put your documents in presentation mode or scroll through Word documents with the remote control and trackpad which gives mouse like control of the display.

END YOUR MEETING.

Just click the "END" button on your mobile app or on the Windows application to quickly end your meeting and auto disconnect from audio and video.

ENHANCED SECURITY.

With Full Screen Mode, IT can set which Windows features and applications users can access. With Reset Room, the selected folders will be cleared at the end of each meeting to ensure no sensitive information is left behind.

Synappx Go's enhanced security features give IT access to easily lock Windows features like access to taskbar and desktop applications giving a more secure meeting environment.

Reset Room features, when toggled on, will clear any browser history, or folders that are selected in settings at the end of each meeting to ensure no sensitive information is left behind.

SYNAPPX GO ENABLES USERS TO BRING THEIR OWN MEETINGS (BYOM) WITH THEIR CHOICE OF MOBILE PHONE OR LAPTOP.

FROM YOUR LAPTOP:

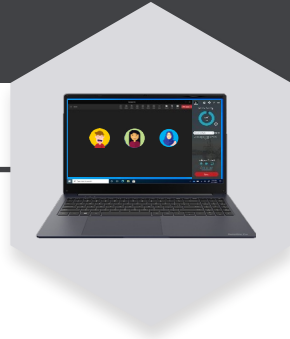

STEP 1

Find the pairing code on the display.

STEP 2

Type the pairing code into Synappx Go and watch your meeting start on your laptop and the display.

STEP 3

Your laptop speakers and microphone are automatically muted, and from the app you can control the display microphone, camera, and screen share!

STEP 4

At the end of your meeting, press end to be automatically disconnected.

FROM YOUR PHONE:

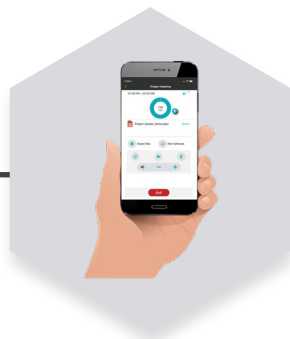

STEP 1

Open the app and select "Meet" or just tap the NFC tag/scan the QR code to start your meeting.

STEP 2

Watch as the meeting starts on the display automatically connecting to in-room audio and video.

STEP 3

During the meeting, enjoy access to cloud files and control the in-room PC. Trackpad enables mouse-like control of the display.

STEP 4

When the meeting is over, press end and watch your conference close and disconnect from the in-room audio and video.
