This completes the installation of this software.

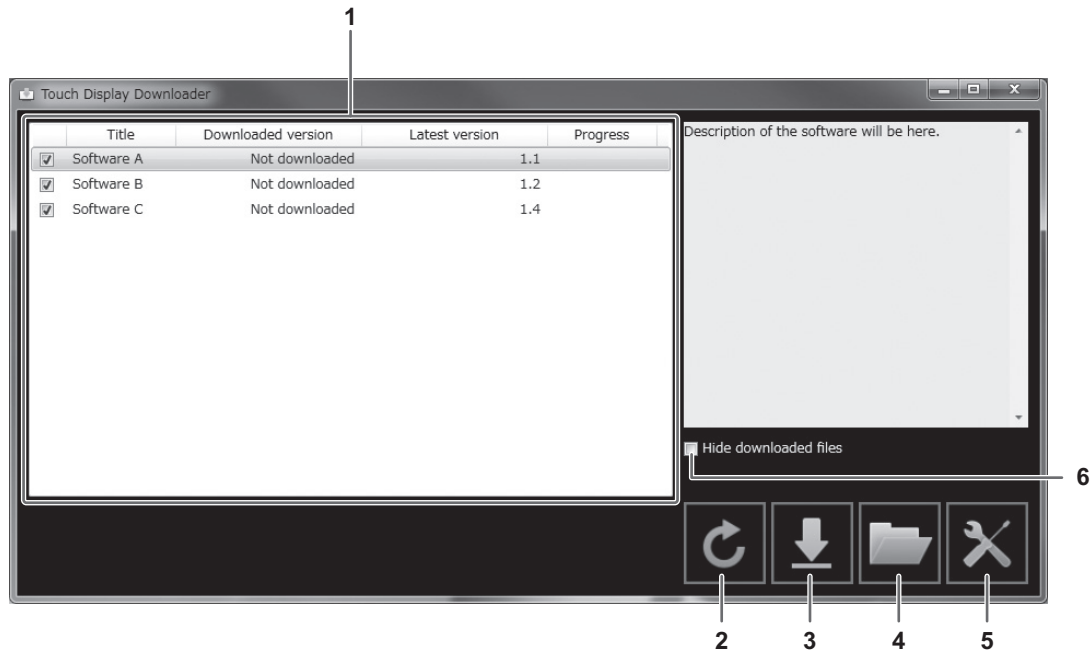

# How to use

## Starting this software

Follow the steps below to start this software.

- On the desktop, double-click the “Touch Display Downloader” shortcut icon (📁).
- Click the “Start” button, and then select “All Programs” - “SHARP Touch Display Downloader” - “Touch Display Downloader”.

## Main Screen

1. A list of software programs etc. that can be downloaded, already downloaded versions, and the latest version appears.
2. Refresh the list.
3. Files of software programs etc. selected in the list will be downloaded.  
Downloaded files will be saved in the previously specified folder (below).
4. Show the folder where the downloaded file is saved.
5. Configure settings for this software.  
Add shortcut to Startup:  
Specify whether you want to add this software to Startup.  
When added to Startup, this software will automatically check for the latest version each time your computer is started.  
If there is a new version, a notice will appear in the task tray.

In this case, follow the steps below to start this software.

- Click the notice.
- Click 📁 on the task tray, and click “Open”.

Download folder:

Specify the folder where you want to save the downloaded file.

6. Hide downloaded files  
Select to hide software programs etc. that have already been downloaded.

#### TIPS

- Download information is recorded in this software.  
The version shown in “Downloaded version” and the action of “Hide downloaded files” are based on that information.  
Even if there are no files in the downloaded file folder, for example when you have deleted the files, the files are treated as already downloaded.

#### ■ Procedure

1. Select the software programs etc. to be downloaded in the list.
2. Click  .  
The download will start.  
When the download finished, a message appears. Click “OK”.
3. Click  .  
The folder where the downloaded file is saved appears.

---

## Exiting this software

1. Click  in the upper right corner of the main screen.

# Uninstall

## ! Caution

- This can only be done by a user with administrator authority.

- 1. Exit this software. (See page 5.)**
- 2. Select “Control Panel” from the “Start” menu.**
- 3. Click “Uninstall a program”.**
  - If you are using icon view, click “Programs and Features”.
- 4. Select “Touch Display Downloader” and click “Uninstall”.**
